Fax: 858-454-1888
info@flowrider.com
www.waveloch.com

The FlowRider series sheet waves generate a thin layer of water that flows over a stationary wave form. The resulting "wave-like" shape permits riders to slide down, carve and turn. The FlowRider offers the thrill of surfing, skateboarding and snowboarding in a self-contained, compact, flexible and safe design. With installations worldwide and compact footprint, the FlowRider is perfect inside a building for year-round revenue generation.
