

# World Waterpark Association Permission to Record Presentation

I \_\_\_\_\_ give the World Waterpark Association permission to audio record my seminar/workshop presentation(s) at the Annual Symposium & Trade Show - 2026. I understand the WWA is a trade association and that these recordings are made for the WWA historical library and to further the education of individuals within the waterpark industry. The audio recordings are distributed for a small reproduction fee to members who are unable to attend the Symposium and to others who wish to have recordings of the presentation(s).
